Meeting Wednesday May the first

FIELD DAY

The time is rapidly approaching that event of the year known as National Amateur Radio Week and the traditional Field Day. This is for many hams throught out The U.S. and Canada a very enjoyable occasion and a challenge to surpass their previous field day performances. If there are any hams among us who have never experienced or do not know what field day is all about, you owe it to yourself to get into the activity this year. It will start Saturday June 22nd at 1600 hours and last until Sunday the 23rd at 1600 hours. Further details and rules will be in the June issue of QST. Any member of the field day committee will be glad to answer any questions you may have about this event. The committee will welcome all club members who wish to participate in the club's field day activities. Plans at present are for concentrated efforts on 80, 40 and 20 meters for CW and SSB. These are the bands that the highest scores are made in previous years of experience. No plans have been made for 10, 6 and 2 meters. 10 meters is poor at this time for very many points. For 6 and 2 nobody has shown any interest up till now and unless a sufficient number of hams are interested and provide gear, these bands will not be operated this year. In the past 6 and 2 were set up for the benefit of novices and technicians who can not operate on the lower bands. However, novices and technicians may assist on the lower bands as loggers if the VHF bands are not operated.

In previous years there has been a shortage of operators who are willing to to camp out during the night hours from about 2200 to 0800 the next morning. This creates a handicap because there should always be two operators maning each station at all times. One for operatingg and one to check off stations worked to avoid working the same station more than once on each band. To properly maintain an adequate operation at night we should have at least four operators per station during the wee hours. If only the low freq. bands are operated with three stations we will need 12 night owl type operators and at least 12 more for the normal people's hours.

Each person or group will make their own arrangements for meals. Usually this is done with camping type stoves or charcoal burners. No hot plates please, we need the electric power for the lights and radio gear. Most night time operators use sleeping bags or cots for sleeping. So far shelter is provided for the three stations. Any additional tents for sleeping or for 6 and 2 meters do not appear to be available at this time. However, this situation may change Before the field day is held.

The field day committee is as follows:

20 meters	Jim Peck W2LWW
40 meters	Jack Layton K2JKA
80 meters	Jack Oberst W2TLO

Chair man Woody Frantz K2AQL

Extracts from minutes of board of directors meeting.

The board of directors meeting was held on April 17, 1963. Called to order at 2000 by president Malit Goldman W2EMR. All officers and directors were present except Max W2SFY who went to a special dinner that night. The minutes were read and accepted as corrected. Treasures report by Harry Ferry W2IAZ indicated that there is a balance of \$358.05 in the treasury. Membership report -- Paul Walton W2YNR received two applications for membership. Sid Bozarth, WB2ATR and Ken Bozarth, WB2ATQ both of Oak Valley, Motion was made and passed that they be accepted and so recommend to the general meeting. Publicity Jim Peck W2LVW indicated progress. House Committee- Mal Mason W2MMR indicated that he was resigning this post and that the president would have to appoint someone else. CD-Van Turner W2KE reported that the CI unit was called out to a fire in Clayton by the Salem county officials. Also by the state police to assist in the hunt for alleged rapists in the Leptford Township area. On Friday a demo of the bus and CI system will be held at the Westville fire house. Also on May 3rd., a demo for the officials at Newfield. Code Class-Harry Ferry indicated that IO members are almost finished with the code class and there is only two more weeks to go. Licensee Ed Teuber W2CXX had no report. TVI-Bernie Quinn K2OJX reported that there were two complaints received. Hamshack-Mal Mason had no report. Crosstalk-Jim Peck had no report. Program-M Van reported that the program for May will be a rtty demonstration by Phil Catona W2JAV. E He also said that the program for the month of June would be a drunkometer exhibition put on by a member of the state who does this quite a lot and knows all the answers if any come up at the exhibition. Old Biz-Harry Ferry said that a few members had not answered the letters sent to them in regard to back dues owed. A discussion followed concerning members in arrears in their dues. A discussion followed regarding the gift to Owens-Illinois. After which Jim Peck made a motion which carried that the committee buy a sign costing in the area of \$20 to \$40. and this will be presented to Owens-Illinois. There was a discussion in regards to the operation of the Field Jay committee headed by Woody Franz. New Biz- Van Turner suggested the club buy holders for the membership to use to hold membership lists in etc. After some discussion this was dropped. Jim Peck said that Jack Layton K2JKA had indicated a desire to volunteer as the chairman for the AREC which the directors had been discussing for the past few months. The president will recommend Jack be appointed to this post by K2BG Herb Brooks the S.C.M. Charlie Sketchley K2PQI said that he had bought some 6I46's at the white elephant sale and that all of them were bad. The meeting adjourned at 1042 and delicious refreshments were then provided and served by Matilda Walton. (Paul helped a little too.)

Here are some additional Pack Rats...

The program for the June Meeting will be an exhibition of the drunkometer. This will be given by a state worker who knows its uses and can explain it to us and answer any questions that may come up. This should be very interesting so try not to miss this meeting.

BRING A FRIEND TO THE CLUB MEETING WITH YOU THIS MONTH.

The list of club members was made on one sheet so that it would be readily possible to send to anyone requesting this from you. There will be some extra copies at the club meeting for those interested in obtaining a few extra copies for mailing out.

Here are four additional club members that i just couldnt fit into one page. Yet didnt want to leave them out. HI.
