PROGRAM FOR NOVEMBER:

An outstanding honor has been earned by one of our members. Our Club Treasurer, Rose Ellen (WA2FGS), /has been asked to participate in the A.R.R.L. Hudson Division Convention on November 13, 1976 at Playboy Club Hotel at Great Gorge in McAfee, N.J. (No!! Not as a BUNNY...although that's not an impossibility!!). With the large membership in the Hudson Division, they still came to our Rose Ellen for this important task because they recognize she is eminently qualified. She is to present a "History Of YL's In Ham Radio" in the YL Forum at that Convention. Her presentation, based on her own research, will highlight the accomplishments of 5 YL's, each with over 40 continuous years in ham radio, and each still active in our hobby today.

In addition to being our Club Treasurer, Rose Ellen is serving her second term as Receiving Treasurer for the YLRL, an organization of some 1200 women in ham radio. She writes a new-member column each month for the YLRL publication, YL HARMONICS. And, as you know, she finds time in her busy schedule to write a YL column each and every month, without fail, for our own CROSSTALK. This column is intended for the XYL's of our members...but we suspect the members are "squirrelling away" their copy of CROSSTALK each month without giving their XYL a chance to read Rose Ellen's column.

For our November program we are honored to have Rose Ellen present this "History Of YL's In Ham Radio." Her talk includes the accomplishments of someone near and dear to the hearts of GCARC members, so I know you will want to be there to hear this presentation. See you there.

PRESIDENT'S CORNER:

Last month I said I would find out how many of the past presidents read Crosstalk. I guess not many! There were four past presidents at the Nominating committee meeting. I guess that proves something, but I'm not sure what yet! Anyway a slate of officers for next year has been picked and will be presented at the November meeting. Come out and find out who is running!

The code class will be underway by the time this is in print, but we may need some help. Each of the students in the class should have an "Elmer" to borrow the ARRL term. This is someone who will help them if they have a question, invite them over to see an operating station, provide some extra help in getting on the air and making that first contact. This is an idea that has been proposed before, so how about a few volunteers. Speak to me or Bill WAPVEE at the meeting if you would like to help a new Novice.

The Constitution revision passed of course and now new copies of the Constitution must be printed. Until they are available I suggest that everyone file the Crosstalk issue with the revisions in it with their copy of the Constitution. If you don't have a copy, wait, there will be some available in the near future.

PRESIDENT'S CORNER (Con't.)

That's all for now, see you at the meeting.

LES BELLES:

By Rose Ellen--WA2FGS

November will be a big month for yours truly. Besides being on the program for the Fashion Show held at the Mendenhall, Pa. Inn I have also been asked to be a speaker at the YL Forum for the Hudson Division -- ARRL Convention to be held at the Great Gorge Resort Hotel, McAfee, New Jersey -- November 12, 13 and 14th. Since the Forum will be held on Saturday, my time will be scheduled for 2 PM on that date. The topic has been chosen and is "HISTORY OF YLS IN AMATEUR RADIO". As most of you will not be attending this convention it will be my pleasure to present this same talk at the November GCARC meeting. You already know, the Great Gorge is a PLAYBOY CLUB and they have all sorts of activity there. I for one plan to take along my ski equipment as they have a chair lift as well as an indoor skating rink. Come out to the November meeting for my "dress rehearsal". The main speaker for the banquet at this convention is Jean Sheppard and he is the same person who has done the ARRL tapes for the Novice Classes being conducted throughout the country. He is a world traveler and his talk should be most interesting. We can't let a month go by without a favorite thing for the kitchen, now can we? Let's try one of the things that is supposed to be good for your health as well as being very easy to make. In fact, you as OM can try this out.
