

G.C.A.R.C. President's Message

October 1992

Greetings to all !!! Well, we survived a very mild summer, and now its Fall!! I don't know where the year has gone !!! Only three more months, and my term in office will be expired!! I want to thank everyone that has helped make this years 4-H Parking and Hamfest the best we've ever had !!! Next years crew is going to have a heck of a time topping them !!! But, if I know the membership, there are those out there that are willing to take on the challenge, and I know we'll do even better than this year !!! I would like to publicly thank Mary Ellen (N2KLD) for the FANTASTIC job that she has done on the membership. We had a record breaking year of 47 new members!!! Mary Ellen has spent A LOT of time and energy putting out mailings to new hams in the area, and it has really paid off!!! Just think, we still have 3 months to go!!! Thank you Mary Ellen!!!!!! If you haven't given our Data Processing Chairmen, Charlie (K2PQD) your birthdate, PLEASE do so !!! We don't need the year (WHEW)...only the month and day!!! SO please, try and make it a little easier on him, and either see Charlie at the General Membership meeting, leave it on packet on 145.07 via KF2AW, or give him a call at his home (his name and number are good in the club roster).... Charlie has done a BANG UP job with the data base, and THANKS to you, Charlie, for being there when the club needed you.

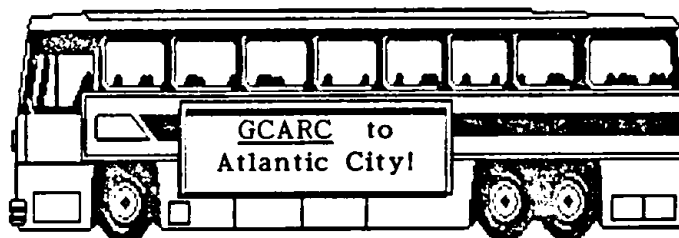

I am in the process of TRYING to organize another Casino Bus Trip, and details should be available by the October Meeting, so try to make it!!

We are having nominations for next years slate of officers at the Oct. Meeting, so if you have a nomination, please come forward and be heard. We'll be needing a new President, Vice President, Treasurer, 1-year Director, two 3-year Directors, and one 4-year Trustee. So PLEASE get on your thinking cap, and nominate a person who you think will do the best job for GCARC!!! If you were unhappy with the club this year, or would like to see some changes made next year, NOW is the time to start preparing for those changes, by nominating a slate that will implement those changes!! This is YOUR club..... get involved !!!!!

I better close, I promised Harry that I wouldn't be long winded!! Hope to see you at the October Meeting!!!

73 and Good DX !!!!

SWAP SHOP GCARC TABLE

Bring your Ham Radio items to the monthly meeting. Place a tag, label, etc. containing your name, call and the asking price on the item. The GCARC is not responsible in any way for the condition of the item. Any item left on the table at the closing time of the meeting hall will be discarded. Here is a chance for us to unload the little gems, knowing it will get a good home. All monetary transactions are between the buyer and the seller.

Hello all radio amateurs I'm now transmitting the ARRL bulletins 10 wpm on 28.150 mhz Monday, Wednesday and Friday Evenings. For the purpose of helping Techs and Novices and anyone else upgrade..I used to transmit on 21.150 same time (7:30 PM) local but with so many new Techs and Novices only having ten meter gear rather than multiband equipment, I have decided to go with the FLOW! and use the ten meter band.. So if you know anybody that needs a bit of practice, here's the place to do it.. I'll QRX for a few minutes after the broadcasts to see if anyone wants a qso! 73 and again thanks

There is no way I can express my feelings for the wonderful outpouring of good wishes I received when I was in the hospital for my recent surgery. The cards with their personal notes were comforting and uplifting.

Please forgive me for not responding to each of you personally, but there were just too many for me to handle. My thanks to each and every one. You all reflect the true spirit of Amateur Radio and true friendship.

Another year is almost over. And along with it comes the annual GCARC elections of new officers.

In last months Crosstalk, I put in a little filler item which said... "GCARC, Your Hobby! Your Choice! Your Club! Make it work for you!" If you don't like what is happening, get out there and do something about it! Then again, if you like what is happening, then let people know that too! Just remember one thing..... "If you are not part of the solution, then you MUST BE part of the problem".

BE PRO-ACTIVE!

WAYS & MEANS FOR OCTOBER 1992!

At the October 7th meeting, we will be drawing our second of three 50/50 raffles for this year. If you haven't bought a ticket yet, they will be for sale at this meeting. The committee will be distributing tickets at the November meeting for you to buy/sell for our third drawing to be held at the December Meeting.
