CERT (Community Emergency Response Team)

2023 CERT Promo Webinar

The FEMA Region 2 National Preparedness Division is partnering with the State of California Office of Emergency Services (Cal OES), and the National CERT Association (NCA) to host a webinar promoting the National CERT Conference.

The 2023 National CERT Conference will be held at the Hyatt Regency Hotel at the San Francisco (CA) Airport, June 26 through July 1. This year, the National CERT Association (NCA) is partnering with the California Office of Emergency Services (Cal OES), the Federal Emergency Management Agency (FEMA), the California Fire Services Training Institute (FSTI), and the Bay Area Urban Areas Security Initiative (UASI) to plan the biggest CERT Conference ever!

The conference theme is CERT 360° which highlights CERT's ability to be flexible as a community resource and serve as an inclusive entity to all community members. The conference featured training and presentations for all levels of CERT including Emergency Managers, Program Managers, Instructors, Volunteers, and CERT Partners.

Join us on March 15 for an early preview. The conference team will share what they have planned so far, answer questions, and solicit feedback.

Who should attend: Anyone interested in attending the 2023 National CERT Conference.

Recording: <https://fema.connectsolutions.com/pc37u3phmkii/>

Be Prepared...to Improvise

The FEMA Region 2 National Preparedness Division is partnering with the State of California Office of Emergency Services (Cal OES), and the National CERT Association (NCA) to host a webinar about CERT training practices that include improvisation.

While Emergency Medical Service providers have specific resources to respond to daily emergencies, it is expected that CERT team members and others who must take action after natural disasters and other unusual situations will have to render assistance and conduct life-saving interventions without commercially available resources and supplies. This presentation illustrated examples of and provided hands-on opportunities to learn about improvised techniques for effective life-saving interventions and patient stabilization.

Who should attend? Whole community partners, particularly CERT Program Managers, CERT Instructors, CERT volunteers, and anyone else with an interest in CERT.

Recording: <https://fema.connectsolutions.com/p7v2w530gd1j/>

Drones as a Tool for Damage Assessment and Flood Mitigation

The FEMA Region 2 National Preparedness Division is partnering with the State of California Office of Emergency Services (Cal OES), and the National CERT Association (NCA) to host a webinar highlighting a case study about Drone use for Flood Mitigation.

This presentation detailed how drones were used during spring flooding in Eastern Nebraska for 2 years as a tool to conduct reconnaissance of rivers identifying ice jams and potential high-risk areas. This information was used by FEMA and the Army Corps of Engineers to develop strategies for flood

mitigation. The drones were also used to conduct damage assessment in areas that were difficult to reach safely on the ground and to map potential hazardous materials.

Who should attend? Whole community partners, particularly CERT Program Managers, CERT Instructors, CERT volunteers, and anyone else with an interest in CERT.

Recording: <https://bit.ly/DroneFlood>

You Don't Need Them Until You Do: Effective CERT Mutual Aid

The FEMA Region 2 National Preparedness Division is partnering with the State of California Office of Emergency Services (Cal OES), and the National CERT Association (NCA) to host a webinar about developing a CERT Mutual Aid plan.

CERT Mutual Aid can be a force-multiplier for your CERT Program during disaster response and training. It creates opportunities to not only fully-staff disaster response requests made by your Sponsoring Agency, but it establishes depth in training and revitalizes your CERT Program. Now is the time to develop a written CERT Mutual Aid Plan so when “you do need them” during that next big disaster there is organization, accountability and familiarity with the CERT Programs assisting under mutual aid.

Who should attend? Whole community partners, particularly CERT Program Managers, CERT Instructors, CERT volunteers, and anyone else with an interest in CERT.

Recording: <https://fema.connectsolutions.com/pjdxviv4e321/>

Communicating With People with Disabilities As First Responders

The FEMA Region 2 National Preparedness Division is partnering with the State of California Office of Emergency Services (Cal OES), and the National CERT Association (NCA) to host a webinar to help CERTs better communicate with persons with disabilities.

Disaster reports have come out revealing that 70% of the people who perished in disasters were people with disabilities or other vulnerable populations. Looking at disaster planning, it was revealed that many emergency organizations had no plan or only a small plan for people with disabilities. This presentation helped CERTs understand how to communicate better with a cross-section of disabilities, how to recruit people with disabilities to your teams, and how to create inclusive plans to help people with disabilities stay safely in their homes.

Who should attend? Whole community partners, particularly CERT Program Managers, CERT Instructors, CERT volunteers, and anyone else with an interest in CERT.

Recording: <https://bit.ly/DAFNComm>

Bringing CERT Into The 21st Century

The FEMA Region 2 National Preparedness Division is partnering with the State of California Office of Emergency Services (Cal OES), and the National CERT Association (NCA) to host a webinar highlighting new technology and its potential uses for CERTs.

ICS4S leverages mobile technology with their patented design to enhance and transform emergency communications with a simple tap on a phone. It's more important than ever to be able to REPORT, RECORD and DOCUMENT information and share that information in a concise and effective way.

Who should attend? Whole community partners, particularly CERT Program Managers, CERT Instructors, CERT volunteers, and anyone else with an interest in CERT

Recording: <https://fema.connectsolutions.com/pjq1izvcl6ez/>

Responding to the Disabilities and Access and Functional Needs Community

The FEMA Region 2 National Preparedness Division is partnering with the State of California Office of Emergency Services (Cal OES), and the National CERT Association to host a webinar discussing involving and serving individuals with disabilities and access and functional needs (DAFN) in CERT.

This presentation discussed how New Jersey has embraced the whole community philosophy by engaging the DAFN community in its CERT program. By starting at the municipal level, these CERTs help improve and enhance emergency preparedness and response efforts-from helping individuals with DAFN create personal preparedness plans to ensuring accessibility is restored following disasters. Strategies on how to best involve and serve individuals with DAFN in relation to the CERT program was discussed.

Who should attend? Whole community partners, particularly CERT Program Managers, CERT Instructors, CERT volunteers, and anyone else with an interest in CERT.

Recording: <https://fema.connectsolutions.com/p2u37sfc8rec/>

Grants

House of Worship: Grant Funding Opportunity

Please join the Region 2 National Preparedness Division in collaboration with the FEMA HQ Grant Programs Directorate, for a virtual discussion about the Nonprofit Security Grant Program (NSGP).

The Nonprofit Security Grant Program (NSGP) is one of three grant programs that support the Department of Homeland Security (DHS)/Federal Emergency Management Agency's focus on enhancing the ability of state, local, tribal and territorial governments, as well as nonprofit organizations, to prevent, prepare for, protect against, and respond to terrorist attacks. This webinar provided information on the NSGP program and application process and featured guest speakers from FEMA and the New Jersey Office of Homeland Security and Preparedness.

Who should attend: This webinar is tailored to Nonprofits and Houses of Worship.

Recording: <https://fema.connectsolutions.com/pnl8u93owgid/>

Assistance to Firefighters Grant Program (AFGP)

Please join the Region 2 National Preparedness Division for a webinar on the Assistance to Firefighters Grants Program (AFGP) which funds critically needed resources to equip and train emergency personnel, enhance efficiencies and support community resilience.

FEMA Region 2 Fire Program Specialist Brian S. Thomas and Grants Management Specialist Rita Varano-Beck provided a brief overview of AFG grants, grant management, and grant writing. In addition, they provided tips on how to develop a successful grant application.

Who should attend? Local, State, Federal government, Firefighters, EMTs, Grant Writers and Grant Managers

Recording: <https://fema.connectsolutions.com/p9gxm9y19uxx/>

FEMA Assistance to Firefighter Grant Programs May 16th, 2023

Please join the Region 2 National Preparedness Division for a webinar on the Assistance to Firefighters Grants Program (AFGP) which funds critically needed resources to equip and train emergency personnel and support community resilience.

FEMA Region 2 Fire Program Specialist Brian S. Thomas and Grants Management Specialist Alvin Mathew will provide a brief overview of AFG grants, grant management, and grant writing. In addition, they will provide tips on how to develop a successful grant application.

Who should attend: Local, State, Federal government, Firefighters, EMTs, Grant Writers and Grant Managers.

Recording: <https://fema.connectsolutions.com/pi4rcr1n2uiw/>

Resources for Emergency Managers

Amateur Radio for Emergency Managers

Please join the Region 2 National Preparedness Division for a webinar on how an amateur radio can be a useful tool before, during and after disasters.

Historically, amateur radio has been a valuable resource in the Response and Recovery phases of many disasters, providing expedient communications when standard public safety and commercial telecommunications infrastructure has been severely impacted or completely overwhelmed. This webinar will provide guidance to Emergency Managers on establishing a viable, NIMS compliant, AUXCOMM (Auxiliary Communications) program as part of your Emergency Operation Plan. Learn how to add the ready resource of amateur radio as a component to your ESF-2.

Who should attend? Whole community with a particular emphasis on Local, State, and Federal Emergency Managers, CERT Program Leaders, Health Departments, and NGO's.

Recording: <https://fema.connectsolutions.com/plp23vy9osww/>

Hurricane Tools for Emergency Managers

Please join the Region 2 National Preparedness Division in honor of Hurricane Preparedness Week to encourages everyone to evaluate their personal hurricane risk before hurricane season begins on June 1st.

Hurricane Preparedness Week encourages the public and emergency managers to understand how to interpret tropical cyclone forecasts and alerts, and know what to do before, during, and after a storm. This session provided a brief overview of hurricane hazards, forecast products, and emergency management resources for hurricane planning and response.

Who should attend? Emergency managers, volunteer and faith-based organizations, local, state, federal government and private sector.

Recording: <https://fema.connectsolutions.com/parfd17x12wj/>

Resilience Analysis and Planning Tool (RAPT)

Please join the Region 2 National Preparedness Division for a webinar discussing the Resilience Analysis and Planning Tool (RAPT).

The Resilience Analysis and Planning Tool (RAPT) is a free, easy-to-use GIS tool that combines multiple data layers with analysis tools to examine potential challenges to community resilience. With over 100 pre-loaded data layers and easy to use analysis tools, RAPT helps everyone understand and support their community before, during and after a disaster. RAPT is free to use. It does not require a login to access and is available to anyone with an internet connection. RAPT combines data layers on community resilience indicators (population demographics), infrastructure and hazards/risks. Participants learned about the history and background of RAPT and see a live demo focusing on specific geographic areas in Region 2.

Who should attend? Whole community partners, Individuals and families, Volunteer and faith-based organizations, Local, State, Federal government, Private Sector.

Recording: <https://fema.connectsolutions.com/po3mid2bcdpf/>

Everyone has the Right to be Safe: Inclusive Planning for Emergency Managers

Please join the Region 2 National Preparedness Division for a webinar discussing inclusive emergency prevention and preparedness.

This webinar will explore inclusive emergency prevention and preparedness, communication and interactions, and standards of practice incorporating vital aspects and perspectives of disability in aspects of emergency preparedness.

People with disabilities are often at increased risk for injury and in need of adapted safety education that is relevant, understandable, and functional for their needs. The presenter will share collaborative work focused on inclusive and equitable safety education.

Recording: <https://fema.connectsolutions.com/p58i8f3xecn5/>

Individual and Community Preparedness

Human Trafficking Awareness Webinar

Please join the Region 2 National Preparedness Division for a special webinar featuring a subject matter expert from Homeland Security Investigations, tasked with investigating, and dismantling human trafficking efforts throughout the country.

Human trafficking is a hidden crime, and it can happen in any community; victims can be any age, race, gender, or nationality. The first step to combating it is to identify victims so they can be rescued and help bring their perpetrators to justice. Education and awareness is the route to a safer community.

Who should attend? Whole Community, Local, State, Federal government, Private Sector, Community and Faith-based Organizations, Emergency Managers,

Recording: [Not recorded](#)

Preparedness for People with Loss of Sight, Hearing or Combined Loss

Please join the Region 2 National Preparedness Division for a webinar about preparedness for people with hearing or vision or a combined loss and how Emergency Managers should consider this population when making their plans.

This webinar is intended to illuminate preparedness for individuals as well as emergency managers developing plans for their community. Four subject matter experts joined us to discuss each targeted population of those with loss of sight, loss of hearing or a combined loss of sight and hearing.

Who should attend? Whole Community, emergency managers, first responders, families, service providers community and faith-based organizations and other Federal, SLTT government agencies.

Recording: <https://fema.connectsolutions.com/pp8ewbjyzela/>

Tips to Avoid Scams Targeting Older Americans

Please join the Region 2 National Preparedness Division for a special webinar highlighting the Federal Trade Commission's tips to help avoid scams targeting older Americans.

This Lunch & Learn discussed how to recognize and avoid becoming a victim of identity theft and fraud. We focused on scams that impact older adults, including imposter scams like family emergency, tech support, and romance scams. Seniors and anyone who regularly interacts with seniors are encouraged to attend.

Who should attend? Whole community partners, Individuals and families, Volunteer and faith-based organizations, Local, State, Federal government, Private Sector, Philanthropic entities

Recording: <https://fema.connectsolutions.com/p3f8j07xscbl/>

Individual Preparedness for Older Adults

Please join the Region 2 National Preparedness Division and the Administration for Community Living for a webinar focusing on Individual Preparedness for Older Adults.

Experience has shown us that older adults are disproportionately affected by disasters. When disasters happen, assistance from first responders and other vital community support organizations may be delayed, and it is important that older adults and their caregivers plan ahead for emergencies. Please join us for this webinar which will focused on various elements of disaster preparedness for older adults and their caregivers.

Who should attend? Whole community partners, Individuals and families, Volunteer and faith-based organizations, Local, State, Federal government, Private Sector, Philanthropic entities

Recording: <https://bit.ly/IndivPrepOlderAdult>

Poison Prevention Awareness Month

Please join the Region 2 National Preparedness Division for a webinar discussing poison prevention.

As part of emergency preparedness and response, it is critical that the potential of poisoning be considered. This presentation will discuss carbon monoxide poisoning, chemical emergencies, pre- and post-disaster as part of emergency preparedness plans. The presenters discussed poison-related occurrences during disasters, collaboration between emergency response and public health officials, poison prevention tips, talking points for families

Who should attend? Whole community partners, Individuals and families, Volunteer and faith-based organizations, Local, State, Federal government, Private Sector, Philanthropic entities

Recording: <https://fema.connectsolutions.com/pzg97409ge80/>

Digital Accessibility

Please join the Region 2 National Preparedness Division for a webinar discussing digital accessibility.

Do you know why Digital Accessibility is important? If Microsoft Office products like Word, PowerPoint, Excel, and Outlook along with Adobe Acrobat PDF documents cannot be read and understood by everyone, then many people would miss out on essential, potentially lifesaving information. To improve your ability to create accessible materials, the FEMA Digital Accessibility (508) Program is hosting a one-hour webinar to help you create accessible documents. This webinar showcased the built-in accessibility tools to assist document owners in creating accessible documents before posting online or distributing to others. Why? Because Digital Accessibility is everyone's responsibility!

Who should attend? Whole community partners, Individuals and families, Volunteer and faith-based organizations, Local, State, Federal government, Private Sector.

Recording: <https://bit.ly/DigitAccess>

Active Shooter Guidance

Please join the Region 2 National Preparedness Division in partnership with the Cybersecurity and Infrastructure Security Agency (CISA) for a condensed webinar on steps you and your employees can take during an active shooter event.

Preparing employees for a potential active shooter incident is an integral component of an organization's incident response planning. Because active shooter incidents are unpredictable and evolve quickly, preparing for and knowing what to do in an active shooter situation can be the difference between life and death.

Who should attend? The whole community, workplace management, federal, state and local agencies, community and faith-based organizations.

Recording: <https://fema.connectsolutions.com/pjylqnegi4ut/>

Until Help Arrives

Please join the Region 2 National Preparedness Division for a webinar on how you can be the help until help arrives.

Life-threatening emergencies can happen fast, and emergency responders aren't always nearby. You may be able to save a life by taking simple actions immediately. The Until Help Arrives program teaches basic skills to help keep people alive and safe until professional help arrives. Learn five simple steps that may save a life.

Who should attend? The whole community individuals and families, volunteer and faith based organizations, local, state, federal government and private sector.

Recording: <https://fema.connectsolutions.com/pcwad3uxr9pg/>

Disaster Awareness for People with Disabilities

Please join the Region 2 National Preparedness Division, in collaboration with the PR Disability Integration Advisors, for a workshop on Emergency Preparedness for People with Disabilities and others with Access and Functional Needs. The discussion will focus on basic tools to be prepared in the event of a natural or man-made disaster.

This workshop aims to support and orient people with disabilities, their families, caregivers, and the general public on the need to prepare for all hazards. It also includes special financial considerations and guidance to identify type of risks in your community. Emergency Managers will learn how to better interact, and the necessary etiquette to support people with disabilities during emergencies.

Who should attend? Whole community, Individuals with disabilities and other access and functional needs, caregivers, Local, State and Federal Emergency Managers, CERT Program Leads, Health Departments, and NGO's.

Recording: <https://fema.connectsolutions.com/phtm0p7yn5x9/>

Disability Etiquette, Awareness, Sensitivity and Terminology Panel Discussion

Please join the Region 2 National Preparedness Division for a panel discussion on a range of disability topics relevant to emergency managers.

This webinar will explore and address disability etiquette, awareness, sensitivity, and terminology issues and best practices. We have identified a strong need for a dialogue on these topics based on requests from our nationwide audience, which includes emergency managers, first responders, public health officials, disability related organizations, and social service organizations, as well as other stakeholders. The webinar will feature a great panel of subject matter experts including June Kailes, internationally recognized Disability Policy Consultant, Therése Brzezinski, Director of Planning and Public Policy L.I. Center for Independent Living and Joe Zesski from the Northeast ADA Center.

Who should attend? Emergency Managers, Public Health Officials, Whole community partners, Volunteer and faith-based organizations, Local, State, Tribal and Federal government.

Recording: <https://fema.connectsolutions.com/phd5rez8rl9s/>

Pet Preparedness

Did you know that June is National Pet Preparedness Month?

In this webinar, Janice Campbell from Tri-state Canine Response Team will discuss how to include your pets, assistance, and service animals in your preparedness plans. We welcome all pet owners to attend to receive guidance on how to include your pets and consider their needs when developing your emergency plan, building an emergency kit, and carrying out other preparedness actions.

Who should attend? Individuals, families, and professionals that have pet, assistance, and service animals in their care.

Recording: <https://fema.connectsolutions.com/p46ycotuwzmu/>

Learn More About the Braille Language System

The National Preparedness Division of the Puerto Rico Caribbean Office for FEMA Region 2 in collaboration with the Office of Integration of People with Disabilities of FEMA and the Braille Institute of America, invite you to this workshop where we will talk about the Braille language system, its origin, particularities, importance and the combinations of this system.

Did you know that in Puerto Rico there are about 200,000 people with visual impairment and in the United States 1.3 million, who use a communication system called Braille?

Who should attend? General public, people with visual impairment and their caregivers, Emergency Management Personnel, Government Employees, Municipalities, Independent Living Centers, Core Advisory Groups (CAGs), the Ombudsman for People with Disabilities, Teachers and Organizations that provide services in the communities.

Recording: <https://fema.connectsolutions.com/pdajbwghj998/>

How to Create Accessible E-mails

Do you know why sending accessible emails is important? If Outlook emails are sent out without ensuring the content within them, including attachments, you run the risk that people will be unable to access the content. If Outlook emails cannot be read and understood by everyone, then people could miss out on essential, potentially lifesaving information.

To improve your ability to create accessible emails, the FEMA Digital Accessibility (508) Program is hosting a one-hour webinar to ensure Outlook emails are accessible. This webinar will showcase the built-in accessibility tools already available within Microsoft Outlook to assist in creating accessible emails before distributing them to others. Why? Because Digital Accessibility is everyone's responsibility!

Who should attend? Whole community partners, Individuals and families, Volunteer and faith-based organizations, Local, State, Federal government, Private Sector.

Recording: <https://fema.connectsolutions.com/p2lty7x3zoy0/>

Radiological Preparedness 101

Please join the Region 2 National Preparedness Division for a webinar on the Radiological Emergency Preparedness Program (REPP).

REPP is how FEMA conducts reasonable assurance around commercial nuclear power plants. In the event of a radiological release and contamination, there are two emergency procedures that are recommended to protect a population – shelter in place and evacuation. This webinar will explore more about the importance of the REP Program and the preparedness actions communities can take to protect them from the effects of a radiological release and contamination.

Who should attend? The whole community individuals and families, volunteer and faith based organizations, local, state, federal government and private sector.

Recording: <https://fema.connectsolutions.com/pbz18im9wvje/>

Provider Ready: Preparedness for Older Adult Service Providers

Please join the Region 2 National Preparedness Division in collaboration with the Administration for Community Living (ACL), Office of Policy, Planning and Innovation (OPPI - SAMHSA), and Schoharie County, NY Area Agency on Aging for a webinar on Preparedness for Older Adult Service Providers.

Many older adults depend on community service providers for necessities and psychosocial support. However, these crucial services may be disrupted during disaster, impacting older adults in your community. This workshop prepares organizations that provide critical support services to older adults. The webinar will discuss continuity of operations, preparedness planning for older adults, disaster mental health issues and case studies.

Who should attend? The whole community, workplace management, family members and other care givers, federal, state and local agencies, community and faith-based organizations.

Recording: <https://fema.connectsolutions.com/p1cltjns9h8j/>

Information and Communications Technology (ICT) During and After Disasters

Please join the FEMA Region 2 National Preparedness Division and the Information Technology Disaster Resource Center (ITDRC) for a presentation on information and communications technology during and after disasters.

Digital technologies are an increasingly, if not the most vital link to all other community lifelines. Join the Information Technology Disaster Resource Center (ITDRC) as we discuss how an international volunteer workforce, enabled by the world's largest communications and technology firms, is bolstering community resiliency in the face of rising global natural- and man-made crises and disasters. The Information Technology Disaster Resource Center is a global, volunteer driven 501(c)3 that harnesses the collective resources of the technology community to provide no-cost Information and Communications Technologies that connect responders and survivors, ultimately accelerating recovery.

Who should attend? The whole community, workplace management, family members, federal, state and local agencies, community and faith-based organizations.

Recording: <https://fema.connectsolutions.com/parua1y33dyw/>

Get Prepared with the Region 2 Preparedness Team

Please join the Region 2 Preparedness Team in partnership with NJ Department of Education School Preparedness and Emergency Planning for a webinar focused on preparedness steps you can take NOW in honor of National Preparedness Month.

We will discuss basic preparedness steps anyone can take. The webinar will focus on general preparedness, pet preparedness, financial preparedness and building community resilience.

Who should attend? Parents, Individuals, families, whole community, community-based and faith-based organizations, schools, state and local partners.

Recording: <https://fema.connectsolutions.com/p2iaspq2q1yt/>

Lunch and Learn - Expanding Mitigation: Making the Connection to Older Adults

Please join the Region 2 National Preparedness and Mitigation Divisions for a short webinar on how to expand the reach of mitigation activities by engaging older adults in alignment with National Preparedness Month.

This webinar will focus on the Older Adults Guide in the “Guides to Expanding Mitigation” series. Older adults can face greater risks when it comes to the impacts of extreme weather events and emergencies, especially if they are living alone, are low-income, have a disability, or live in rural areas. At the same time, older adults have long-term perspectives and longstanding relationships that can inform planning efforts. As an inherently resilient population, older adults have much to offer to communities, both in steady-state life and in post-disaster recovery.

During this webinar, learn about the value of creating accessible communities for all ages. Hear recommendations for ways community officials can include older adults in efforts to reduce risk through hazard mitigation. This webinar and the Older Adults Guide serve as a starting point for community officials to discuss how these partnerships in mitigation can create more livable, accessible, and resilient communities for all.

Who should attend? Emergency Managers, volunteer and faith-based organizations, local, state, federal government and private sector.

Recording: <https://fema.connectsolutions.com/pqbbuuislyhk/>

Dialysis in Disaster

Please join the Region 2 National Preparedness Division and Quality Insights Renal Network for a webinar on Dialysis in Disaster.

This webinar will address the role of the Access and Functional Needs (AFN) Planner at the NJ Office of Emergency Management (NJOEM) in assisting County AFN Coordinators, dialysis providers and patients, and other stakeholders before, during and after disasters. An overview of NJOEM's Register Ready will be provided as well. The End Stage Renal Disease (ESRD) Network 3's Regional Emergency Preparedness Coordinator will cover what dialysis is and how receiving treatment can be impacted by an emergency event. Learn from firsthand experiences and lessons learned during

hurricanes Irma and Maria. Additional topics will include preparedness and planning considerations for dialysis patients, their families, emergency responders, and dialysis facility staff.

Who should attend? The whole community – general public, families, organizations, NGOs, local, state, federal government and private sector.

Registration: <https://fema.connectsolutions.com/dialysisdisaster/event/registration.html>

Scams Targeting Older Adults Before, During and After Disasters

Please join the Region 2 National Preparedness Division and the Federal Trade Commission (FTC) on a webinar on scams targeting older adults before, during and after disasters.

Older Americans are often the target of online and telemarketing scams – and natural disasters provide the perfect environment for scammers to move in. This webinar, presented by an attorney from the Federal Trade Commission's Northeast Regional Office, will help you to identify common types of frauds and scams that target older Americans, focusing in particular on scams related to weather emergencies, COVID-19, and other disasters, and provide guidance on how to protect yourself from those scams.

Who should attend? The whole community, workplace management, family members and other care givers, federal, state and local agencies, community and faith-based organizations.

Recording: <https://fema.connectsolutions.com/psuv30o6cu2d/>

Cybersecurity Preparedness

Please join the Region 2 National Preparedness Division this October in honor of National Cybersecurity Awareness Month, a dedicated month for the public and private sectors to work together to raise awareness about the importance of cybersecurity.

We will be joined by Rich Richard, Cyber Security Advisor for DHS' Cybersecurity and Infrastructure Security Agency (CISA). 2023 the 20th annual Cybersecurity Awareness Month and this year CISA is launching a new awareness program that will encourage 4 simple steps every American can take to stay safe online. Simple actions we should all take not only during Cybersecurity Awareness Month, but every day throughout the year that can help keep your workplace, home, you and your family cyber-safe.

Who should attend? Individuals, families, whole community, community-based and faith-based organizations, small businesses, federal, state and local government

Recording: <https://fema.connectsolutions.com/p180kag5k1is/>

Holiday and Winter Fire Safety

Please join the Region 2 National Preparedness Division and the U.S. Fire Administration for a webinar on holiday and winter fire safety.

Are you truly ready for the colder weather and associated holidays? Have you prepared your residence to eliminate fire and life safety hazards to help ensure worry-free days during the cooler months ahead? Tune-in to your webinar of safety, on the morning of Wednesday, November 15, 2023, to prepare your in-home resilience.

Who should attend? The whole community – general public, NGOs, local, state, federal government and private sector.

Recording: <https://fema.connectsolutions.com/holidayfiresafety/event/registration.html>

Americans with Disabilities Act (ADA) Centers

Please join the Region 2 National Preparedness Division and the Northeast ADA Center for a webinar about how the Northeast ADA and the National ADA Network can inform and strengthen disaster preparedness planning and response for all community members.

The Northeast ADA Center, serving Region 2, is one of ten centers in the ADA National Network with a shared mission of providing technical assistance, training, and research on the Americans with Disabilities Act (ADA). The ADA is a civil rights law that protects individuals with disabilities to ensure equal access and equal opportunity. Mr. Zesski will discuss the work of the Northeast ADA and the ADA National Network, describe the ADA and how it can impact planning and apply in a disaster response situation, and share resources and tools developed by the ADA National Network related to disaster preparedness and response.

Who should attend? The whole community, family members and other care givers, federal, state and local agencies, emergency managers, community and faith-based organizations.

Registration: <https://fema.connectsolutions.com/adacenters/event/registration.html>

CORE Advisory Groups (CAGS)

Please join the National Preparedness Division for an exciting look at Core Advisory Groups (CAGs). Kathleen Madigan, FEMA Region 2 Disability Integration Specialist and Lourdes Cabrera, Capacity Building & Individual/Community Resilience Specialist will offer an inside look at this critically important effort to involve individuals with disabilities and others with access and functional needs, their caregivers and service providers in all aspects of emergency management planning in an effort to foster a whole community approach.

Our speakers will answer the questions: What is a CAG? Who should join a CAG? Why you should join a CAG? and How to start a CAG in your community? The goal of the CAG is to promote inclusive emergency management by encouraging collaboration and partnerships between community disability stakeholders and emergency managers.

Who should attend? Whole community, individuals with disabilities and other with access and functional needs, caregivers, Local, State and Federal Emergency Managers, Department of Health, and NGO's.

Disaster Mind Simulation

Please join the Region 2 and Region 8 National Preparedness Division for a webinar on disaster mind simulation.

Join the Region 8 National Preparedness Division for a demonstration of the new Disaster Mind simulation. The new simulation, available on FEMA's website, is a new game aimed at teaching high

school students (ages 13-17) about decision-making in the face of a disaster. The simulation can be played on any PC-based web browser and is ideal for educators and emergency managers looking for a free, yet meaningful way to implement disaster preparedness programming and curriculum into their classrooms and other educational spaces. At the webinar, you'll learn how to play the simulation, how to implement the game into existing preparedness curriculum or programming, and get educational resources for parents/guardians, teachers, and emergency managers.

Who should attend? Whole community, family, caregivers, Local, State and Federal Emergency Managers, community and faith-based organizations and NGO's.

Recording: <https://fema.connectsolutions.com/disastermindsimulation/event/registration.html>

Mental and Emotional Health

Americares: Self Care for Responders

Please join the Region 2 National Preparedness Division in partnership with Americares for a webinar on selfcare for disaster responders and healthcare workers. Amidst the COVID-19 pandemic disaster responders and healthcare workers who test and treat COVID 19 patients were, and continue to be, at higher risk of contracting it, than the general public. The possibility of contagion and even of bringing the disease home entails a high level of stress and anxiety.

We deal with the double burden of stress from home and work in the face of major disasters. Facing the difficult scenario of caring for themselves and others during this emergency presents health workers with the risk of burnout, indirect trauma, and compassion fatigue. This webinar explained the specific stressors of first responders, mental and psychosocial health workers and healthcare providers, including secondary traumatic stress. The Americares team also provided tools that can be used to promote self-care and aid in self-assessment.

Who should attend? First responders, CERT Volunteers, Hospital staff, Mental health and psychosocial service providers.

Recording: <https://bit.ly/RespSelfCare23>

Mental Health Preparedness for a Disaster or Emergency

Please join the Region 2 Preparedness Team for a webinar on mental health preparedness in the event of a disaster or emergency.

Being prepared for an emergency allows us to organize ourselves and better structure the response we will have to it. Having material and knowledge in advance facilitates the effective actions that we will take later. However, it is also necessary to prepare ourselves emotionally. When disaster strikes, individuals are not only at risk of physical injury, but may also experience emotional and psychological "wounds." Taking care of your mental health before an emergency will help you think clearly and react to urgent needs to protect yourself, and your family and community.

Who should attend? The whole community, first responders, OEMs, hospital staff and health care providers, local, state and federal government.

Recording: <https://fema.connectsolutions.com/pm9pa08c0679/>

Natural Hazards

Severe Winter Weather Preparedness for the DAFN Community

Please join the Region 2 National Preparedness Division in partnership with subject matter experts from the American Red Cross and Erie County, NY for a special webinar about winter weather preparedness for everyone including people with disabilities and access and functional needs.

This webinar discussed the importance of preparing the whole community for severe winter weather. Our speakers focused on tips and important steps that everyone can take to be ready and safe throughout the winter.

Who should attend? Whole community partners, Individuals and families, Volunteer and faith-based organizations, Local, State, Federal government, Private Sector, Emergency Managers

Recording: <https://bit.ly/WinterPrepforDAFN>

Hurricane Preparedness for the Whole Community

Please join the Region 2 National Preparedness Division in honor of Hurricane Preparedness Week to encourage everyone to evaluate their personal hurricane risk before hurricane season begins on June 1st.

Hurricane Preparedness Week encourages everyone to evaluate their personal hurricane risk before hurricane season begins on June 1. This webinar will cover hurricane basics, information resources, and how to find out if you live in a hurricane evacuation zone.

We will also discuss preparedness measures for people living in hurricane-prone areas, such as emergency supplies, insurance, preparing your home, and making an individual or family hurricane plan.

Who should attend? The whole community – individuals and families, volunteer and faith-based organizations, local, state, federal government and private sector.

Recording: <https://fema.connectsolutions.com/pok6en7wvhp6/>

Rebuild by Design Report: Atlas of Disaster

Please join the FEMA Region 2 National Preparedness Division and Climate Adaptation Initiative Committee for a webinar on Rebuild by Design's "Atlas of Disaster" report, which provides a deep dive into federal disaster data to understand the nation's recent climate impacts.

Ninety percent of U.S. counties have had an extreme weather event between 2011 and 2021 – affecting over 300 million Americans. The data shows that climate change is here and most Americans are suffering. Rebuild by Design's "Atlas of Disaster" includes over 300 maps, providing an analysis of U.S. county-level disaster declaration data to understand who has experienced recent federal disaster occurrences, FEMA and HUD post-disaster assistance, social vulnerability, energy reliability, and offers a new framework for identifying areas where investments in climate infrastructure could address social challenges. At the briefing, Rebuild by Design will show you how you can use this data to improve climate adaptation planning.

Who should attend? Whole community partners, Individuals and families, Community and faith-based organizations, Local, State, Federal government, Private Sector.

Resilience and Hurricane Preparedness

The National Preparedness Division from the Puerto Rico Caribbean Area Office for FEMA Region 2 in strong collaboration with the U.S. Department of Health and Human Services invite you to this virtual workshop to hear perspectives from various federal agencies on hurricane preparedness and resilience.

The Speakers will present relevant information from the Office of the Assistant Secretary for Preparedness and Response, the Administration for Children and Families, the Health Resources and Services Administration, and the Substance Abuse and Mental Health Services Administration.

Who should attend? Healthcare and Social Service Providers, Government Agencies, Community-Based and Faith-Based Organizations.

Recording: <https://fema.connectsolutions.com/prptp7336phm/>

Equity and Hurricane Preparedness

The National Preparedness Division from the Puerto Rico Caribbean Area Office for FEMA Region 2 in strong collaboration with the U.S. Department of Health and Human Services invite you to this virtual workshop to hear perspectives from various federal agencies on hurricane preparedness and resilience. Speakers will present relevant information from the Office of the Assistant Secretary for Health, the Administration for Community Living, the Office for Civil Rights, and the Centers for Medicare & Medicaid Services.

The Speakers will present relevant information from the Office of the Assistant Secretary for Preparedness and Response, the Administration for Children and Families, the Health Resources and Services Administration, and the Substance Abuse and Mental Health Services Administration.

Who should attend? Healthcare Providers, Government Agencies, Community-Based and Faith-Based Organizations.

Recording: <https://fema.connectsolutions.com/pmg1fnl3mugo/>

Hurricane Preparedness in the USVI

The National Preparedness Division from the Puerto Rico Caribbean Area Office for FEMA Region 2 in strong collaboration with the U.S. Department of Health and Human Services invite you to this virtual workshop to hear perspectives from various federal agencies on hurricane preparedness and resilience. Speakers will present relevant information from the Virgin Islands Territorial Emergency Management Agency, the Department of Health, and the Department of Human Services

Who should attend? Healthcare and Social Service Providers, Government Agencies, Community-Based and Faith-Based Organizations.

Recording: <https://fema.connectsolutions.com/hhsfema/>

National Oceanic and Atmospheric Administration (NOAA) - Flood Preparedness

Please join the Region 2 National Preparedness Division in collaboration with the National Oceanic and Atmospheric Administration (NOAA) for a webinar on flood preparedness.

Flooding is a threat to some part of the United States and its territories nearly every day of the year. On average, flooding is the second greatest weather-related killer in the United States, causing around 100 deaths per year. Being prepared and knowing what to do in case of a flood will greatly improve your safety, better protect your property and increase your chance of survival if it happens in your area.

Who should attend? The whole community, workplace management, federal, state and local agencies, community and faith-based organizations.

Recording: <https://fema.connectsolutions.com/pp9bnm42hioh/>

Extreme Heat Preparedness

Please join us for a discussion concerning the dangers of extreme heat and its impact on people, animals, and communities.

The National Weather Service will provide useful information about the science of extreme heat, its effects on weather and discuss alerts and warnings. A representative from the University of Puerto Rico will discuss extreme heat's impacts and challenges to island life, infrastructure, and post disaster reconstruction. The New York City Department of Health will discuss impacts on people, pets, risk factors concerning vulnerable populations, urban heat islands and effects on health and infrastructure and mitigating strategies. FEMA will conclude the webinar with helpful hints and mitigating actions everyone should know to be better prepared for extreme heat and improve chances for lessening the impacts to people, pets, and communities.

Who should attend? The whole community – individuals and families, volunteer and faith-based organizations, local, state, federal government, Non-profits, faith-based institutions and private sector entities.

Recording: <https://fema.connectsolutions.com/pa1vdahag87n/>

Earthquake Awareness and Preparedness

Please join the Region 2 National Preparedness Division for an Earthquake Preparedness webinar on the day before International ShakeOut Day. The discussion will include tips on how to prepare and what to do during an earthquake.

This webinar will feature guest speakers from the University of Puerto Rico Mayagüez, Puerto Rico Seismic Network. These subject matter experts will discuss the background and impact of earthquakes and tsunamis in Region 2, specifically in Puerto Rico and the US Virgin Islands. Additionally, the webinar will provide preparedness information including how to update emergency plans and supplies, and to secure your space in order to prevent damage and injuries.

Who should attend? The whole community – general public, NGOs, local, state, federal government and private sector.

Recording: <https://fema.connectsolutions.com/pxshwyjnrz7n/>

Small Businesses

Organizations Preparing for Emergency Needs (OPEN)

Please join the Individual and Community Preparedness Teams from FEMA HQ and Region 2 for a webinar on the Organizations Preparing for Emergency Needs (OPEN) training to help keep your organization OPEN before, during and after disasters.

OPEN training provides a variety of organizations (community and faith-based organizations, local businesses, other non-profit, non-governmental, or charitable organizations) with the tools they need to prepare for disasters and sustain operations, in order to provide critical services to those disproportionately impacted by an incident. This webinar is for members of these organizations and local emergency managers to get better acquainted with the training and its resources.

Who should attend? Community and Faith Based Organizations, other non-profit, NGOs, Emergency Managers, Small Businesses, Institutes of Higher Education.

Recording: <https://fema.connectsolutions.com/pxvm0e8xx05n/>

OPEN with Private Sector

Please join Region 2 National Preparedness Division for a webinar on Organizations Preparing for Emergency Needs (OPEN). Businesses that are unable to sustain operations during an emergency incident exponentially impact individuals and the community who rely on them. The OPEN program offers a ten-step action plan for essential community economic and social resilience.

This webinar will review key steps of the action plan and explain how organizations can use OPEN to identify risks, locate resources, and consider immediate preparedness actions.

Who Should attend? Community-Based Organizations, Non-profit Organizations, Small Businesses, Chambers of Commerce Memberships, Business and Industry Associations.

Recording: <https://fema.connectsolutions.com/pe4gigc7px7v/>

Miscellaneous

Employee Benefits Security Administration (EBSA) Benefit Basics

Please join the Region 2 National Preparedness Division and the Employee Benefits Security Administration within the Department of Labor for a webinar on what you need to know about employee benefits.

As you prepare to enter (or re-enter) the job market, you should understand that your compensation consists of more than your take-home salary. It is likely that your employer may offer employee benefits to augment your salary. It is important that you understand your options under these benefit plans in order to protect your financial security while employed and planning for retirement. This webinar will provide you with information and resources on some of the most important aspects of employee benefits.

Who should attend? Whole community partners, Individuals and families, Community and faith-based organizations

Recording: <https://bit.ly/DOLBenefit>

Employee Benefits Security Administration (EBSA) Savings Fitness

Please join the Region 2 National Preparedness Division and the Employee Benefits Security Admin. (EBSA) within the Department of Labor for a webinar about how you can be financially fit.

The EBSA wants you to succeed in setting financial and retirement goals. Planning for a secure retirement can be challenging, but the sooner you start, the easier it will be. Join us as we discuss ways to increase your financial fitness and save for retirement, including making the most of employer-based retirement savings plans. This webinar will start you on the way to setting goals and putting your saving high on your list of personal priorities.

Who should attend? Whole community partners, Individuals and families, Community and faith-based organizations.

Recording: <https://fema.connectsolutions.com/p01l63uo705r/>

Resilience Bingo

Please join the Region 2 National Preparedness Division and the New York City Emergency Management (NYCEM) Agency for a game of Resilience Bingo in celebration of National Preparedness Month this September.

This event will kickoff with a brief presentation on steps you can take to be better prepared for all hazards. Bingo will begin with the host randomly selecting preparedness items from a list until there is a winner. With multiple rounds scheduled, everyone has a chance to win!

Who should attend? The whole community – individuals and families, volunteer and community-based organizations, local, state, federal government and private sect.

Recording: <https://fema.connectsolutions.com/pdsuowmqxzai/>

Employee Benefits Security Administration (EBSA) - Taking the Mystery Out of Retirement

Please join the Region 2 National Preparedness Division and the U.S. Department of Labor - Employee Benefits Security Administration for a webinar on taking the mystery out of retirement.

For many Americans, planning for retirement is a mystery. This workshop that will help you unravel the mystery and reach your retirement goals. We will discuss a simplified, bottom-line approach to figuring out how much you need to save and how to make your money last over a long retirement. You'll learn how to track and understand your savings or 401(k) plans, how to decide when to start drawing your social security benefits and filling the gap in your retirement savings.

Who should attend? Individuals, families, whole community, community-based and faith-based organizations, small businesses, federal, state and local government

Spanish ONLY Webinars

Conoce Más Acerca del Sistema de Lenguaje Braille

La División de Preparación Nacional de la Oficina del Caribe de Puerto Rico para la Región 2 de FEMA en colaboración con la Oficina de Integración de Personas con Discapacidades de FEMA y Instituto Braille de América, les invitan a este taller donde se conversará acerca del sistema de lenguaje Braille, su origen, particularidades, importancia y las combinaciones de este sistema.

¿Sabía usted que en Puerto Rico hay alrededor de 200,000 personas con alguna discapacidad visual y en estados Unidos 1.3 millones, los cuales utilizan un sistema de comunicación llamado Braille?

¿Quién debería asistir? Público general, Personas con incapacidad visual y sus cuidadores, Personal de Manejo de Emergencias, Empleados Gubernamentales, Municipios, Centros de Vida Independientes, Core Advisory Groups (CAGs), Defensoría de las Personas con Impedimentos (DPI), profesores y organizaciones que brindan servicio en las comunidades.

Recording: <https://fema.connectsolutions.com/pel1wqxi16jl/>

Vivienda y Salud en su Comunidad- Subvención de Fondos Para un Hogar Saludable

La División Nacional de Preparación de la Oficina de Puerto Rico para el Caribe de FEMA Región 2 en colaboración con la Oficina de Control de Riesgos por Plomo y Hogares Saludables (OLHCHH, por sus siglas en inglés) de HUD les invitan a este taller donde hablaremos de la disponibilidad de sobre \$600M en diferentes programas que tiene OLHCHH para ayudar a los niños y otras poblaciones vulnerables a alcanzar su pleno potencial mediante la identificación y mitigación de los riesgos en el hogar.

Estos fondos ayudan a transformar las comunidades, a preservar viviendas asequibles, y sirven de catalizador para la construcción de infraestructuras locales, capacitación de personal/contratistas y creación de empleos.

¿Quién debería asistir? Agencias estatales y locales, público en general; organizaciones de salud pública, comunitarias y religiosas, colegios y universidades, organizaciones y proveedores de servicios sanitarios y sociales.

Recording: <https://fema.connectsolutions.com/p6pdgcoxcmkd/>

Beneficios Básicos "Más que un salario: Lo que necesita saber sobre los beneficios del empleado"

La División Nacional de Preparación de la Oficina de Puerto Rico para el Caribe de FEMA Región 2 en colaboración con Departamento del Trabajo de EE. UU. Administración de Seguridad de Beneficios para Empleados les invitan a este taller donde hablaremos sobre los beneficios patrocinados por el empleador.

Mientras usted se prepara para ingresar (o reingresar) al mercado laboral, debe comprender que su compensación consiste en más que su salario. Es probable que su empleador pueda ofrecer beneficios a los empleados para aumentar su salario. Es importante que comprenda sus opciones

bajo estos planes de beneficios para proteger su seguridad financiera mientras trabaja y planifica su jubilación. Este seminario le proporcionará información y recursos sobre algunos de los aspectos más importantes de los beneficios.

¿Quién debería asistir? Agencias estatales y locales, público en general; colegios y universidades.

Recording: <https://fema.connectsolutions.com/pyp72a9x2i8g/>

Aprenda a cómo visibilizar el Crimen de Trata Humana

La División Nacional de Preparación de la Oficina de Puerto Rico para el Caribe de FEMA Región 2 en colaboración con el departamento de Inmigración y Aduanas de Estados Unidos (ICE, por sus siglas en inglés) les invitan a este taller donde hablaremos aspectos muy importantes para la identificación y prevención del crimen de trata humana y evitar que personas vulnerables, desesperadas o de quienes simplemente buscan una mejor vida caigan en esta practica criminalizada y sean abusadas. Estas redes operan clandestinamente, lo que lo convierte en crímenes de difícil detección.

La trata de personas y el tráfico ilícito de migrantes constituyen delitos generalizados. Redes organizadas e individuos trafican a hombres, mujeres, niños y niñas para sus fines lucrativos. Usted puede ayudar a prevenir esta practica reconociendo señales, comportamientos y denunciándolo a las autoridades correspondientes. Estos son crímenes que atentan contra los derechos humanos y lastiman la dignidad humana, a la vez que ocasionan grandes daños a sus víctimas.

¿Quién debería asistir? Publico general, manejadores de emergencias, madres, padres, maestros, lideres comunitarios.

Recording: <https://fema.connectsolutions.com/pt79id4q4ll4/>

Resiliencia y Preparación para Huracanes

La División Nacional de Preparación de la Oficina del Área del Caribe de Puerto Rico para la Región 2 de FEMA en estrecha colaboración con el Departamento de Salud y Servicios Humanos le invitan a este taller virtual para compartir las perspectivas de varias agencias federales sobre la preparación ante los huracanes en una época de gran cambio climático.

Los conferenciantes presentarán información pertinente de la Oficina del Subsecretario de Preparación y Respuesta, la Administración para Niños y Familias, la Administración de Recursos y Servicios Sanitarios y la Administración de Servicios de Salud Mental y Abuso de Sustancias.

¿Quién debería asistir? Proveedores de servicios y salud, agencias gubernamentales, organizaciones comunitarias y de base de fe.

Recording: <https://fema.connectsolutions.com/p4hudpm7aaw3/>

Equidad y Preparación para Huracanes Webinar

La División Nacional de Preparación de la Oficina del Área del Caribe de Puerto Rico para la Región 2 de FEMA en estrecha colaboración con el Departamento de Salud y Servicios Humanos le invitan a este taller virtual para compartir las perspectivas de varias agencias federales sobre la preparación ante los huracanes en una época de gran cambio climático. Los conferenciantes presentarán información pertinente de la Oficina del Subsecretario de Salud, la Oficina de Derechos Civiles y los Centros de Servicios de Medicare y Medicaid.

¿Quién debería asistir? Proveedores de servicios y salud, agencias gubernamentales, organizaciones comunitarias y de base de fe.

Recording: <https://fema.connectsolutions.com/p0ym67lqsiy/>

Orientación de Preparación para Emergencias-Concientización acerca de Desastres Para Personas con Discapacidades

La División de Preparación Nacional de la Región 2, en colaboración con el Asesor Principal de Integración de Discapacitados de PR, le invita a participar en un taller sobre preparación ante emergencias para personas con discapacidad y otras personas con necesidades funcionales y de acceso. El debate se centrará en las herramientas básicas para estar preparados en caso de catástrofe natural o provocada por el hombre.

El taller tiene como objetivo apoyar y orientar a las personas con discapacidad, sus familias, cuidadores y público en general sobre la necesidad de prepararse para todo tipo de riesgos. Incluye además aspectos financieros a considerar, así como orientación para identificar tipos de riesgos en su comunidad. Los Manejadores de Emergencias tendrán la oportunidad de familiarizarse con el protocolo necesario para apoyar a las personas con discapacidades durante emergencias.

¿Quién debería asistir? Toda la comunidad, personas con discapacidades y otras necesidades funcionales y de acceso, sus cuidadores, manejadores de emergencias, representantes de los gobiernos estatales y federales, miembros CERT, personal del departamentos de salud y ONGs.

Recording: <https://fema.connectsolutions.com/p3sywcm1k88a/>

¿Cómo Trabajar Proyectos Comunitarios?

Saludos, este formulario es para llevar un buen manejo de la asistencia del taller. Favor de llenar cada espacio en blanco con el grupo al que representa, nombre, su correo electrónico y su número de teléfono. Se les estará brindando en la tarde un certificado de participación. ¡Esperamos que este taller sea de su disfrute!

Recording: <https://youtu.be/vVmskV81oDY>

Preparación para la Temporada de Huracanes en PR

La División Nacional de Preparación de la Oficina del Área del Caribe de Puerto Rico para la Región 2 de FEMA en estrecha colaboración con el Departamento de Salud y Servicios Humanos le invitan a este taller virtual para compartir las perspectivas de varias agencias federales sobre la preparación y resiliencia ante los huracanes en una época de gran cambio climático. escuchar las perspectivas de varios organismos federales sobre la preparación y la resistencia ante los huracanes.

Contamos con conferenciantes del Departamento de Salud y de la Familia.

¿Quién debería asistir? Manejadores de Emergencias, Proveedores de servicios y salud, agencias gubernamentales, industria privada organizaciones comunitarias y de base de fe.

Recording: <https://fema.connectsolutions.com/hhsfemaspa/>

Taller Sobre Servicios de Salud Mental para la Comunidad LGBTTQIA+

La División Nacional de Preparación de la Oficina del Área del Caribe de Puerto Rico para la Región 2 de FEMA en estrecha colaboración con La Oficina de Calidad de la Administración de Servicios de Salud y Contra la Adicción (ASSMCA) les invita a este taller virtual donde se proveerá información sobre algunos recursos de salud mental disponibles para personas de la comunidad LGBTTQIA+ de Puerto Rico.

El Sr. Roberto Marcos Morales Soto estará ofreciendo una descripción de las funciones de ASSMCA en servicio a la comunidad como la Línea PAS, y la Sra. Aixa Pacheco Valderrama ofrecerá mayores detalles sobre la salud mental, la intervención en crisis y la prevención.

¿Quién debe participar? Representantes de organizaciones sin fines de lucro, portavoces de la comunidad LGBTTQIA+ así como individuos y familiares de la comunidad LGBTTQIA+.
